**25** YEAR  
GUARANTEE

The certificates from the BBA bring together a number of tests including physical performance and fire resistance and certify the product is 'fit for purpose'. In the case of Fatra the BBA has given a life expectancy of in excess of 30 years

## Guaranteed Service

Our system extends the working and service life of any gutter system, as high performance stabilised PVC ensures corrosion of the weather face of gutter is eliminated. This also means that low levels of maintenance and minimal remedial repairs are required once installed, the PVC lined system offers a sustained waterproofing service for 25 years.

This guarantee is backed by Fatra UK

## Why choose WeatherFAST?

We supply direct from manufacture, a wide range of high performance Fatra PVC membrane steel in sheet or coil form for use in the roofing industry.
